

Enhanced Pedestrian Corridor - Pawtucket, RI

1 Provide enhanced wayfinding signage and streetscaping elements throughout.

2 Convert Main Street to allow two-way traffic and bikes, as identified through the 2020 Walk Bike PCF Plan, 2011 Pawtucket Downtown Design Plan.

3 Connect to Blackstone River Bikeway (under construction).

4 Provide off-street pedestrian/bike-only connection through former Apex property recently acquired by the City for redevelopment.

5 Convert School Street to allow two-way traffic. Repurpose existing I-95 vehicular underpass for pedestrian/bicycle-only connection.

6 Connect to Tidewater Landing site (Phase 1 implementation underway) through a pedestrian/bike bridge.

Barriers to Walking, Biking, & Transit

based on 2019 survey of PCF residents
